About Me

Introduction

I am a second-year B.Tech Information Technology student with a strong interest in programming and technology. I am eager to contribute to IT Association where I can develop my leadership,teamwork and organizational skills while actively participating in technical and non-technical events.

Academic performance

Grade X: 95.2 percent

Grade XII : 93.2 percent

Cgpa: 8.8

Technical skills

C,Python,HTML,CSS,MYSQL,MS Word,Excel,Power Point

Soft skills

Communication, Problem Solving ,Team work and Collaboration

Hobbies and interests

Painting ,Solving coding challenges,Club activities and Technical events.

One unique quality about myself:

I stay patient while solving problems and don’t give up easily.

Events and Club activities

Particpated in

- Codecrypt
- Cosmix_cvr
- Vibrance
- Hackathon : SIH 2025 (Internal hackthon)
- Volunteered in YOC(Maanavar Illam)

Why Should I Be Selected?

I am applying because I want to contribute to the IT Association and be actively involved in organizing events.It’s a great oppurtunity to improve my teamwork,communication and leadership skills.

I chose this position because I enjoy planning and working with people.I’m eager to take responsibility and learn by contributing to successful events.

What motivates me is the opportunity to learn something new that challenge myself and make a postive impact.

I will bring good organizational skills and positive attitude.I complete tasks responsibly and stay commited until the work is finished.

I believe integrity, teamwork and consistency are essential for building a strong student community.

Problem Solving

Issues	Proposed Solution
Low participation	Poll students to avoid exam time conflicts and offer rewards for attendance.
Communication Gap	Concentrate more on publicity responsibility
What is expected from ITA?	An orientation session and regular updates of ITA's goals.
Student requirements	Collect student feedback regularly and organize events based on student's interests.
Volunteer shortage	By building a volunteer culture by recognizing contributions and encouraging students to participate.

One-Year Action Plan

MONTH	PROPOSED ACTIVITY
AUG-SEP	Orientation for new members,introduction to ITA
OCT-NOV	Coding challenge.
JAN-FEB	Hackathon
MAR-APR	Project Expo

- **Expected Participants:**

Around 80-120 students from all departments depending upon the events.

- **Budget Idea:**

Budget wil be planned based on the scale and requirements of each event.

- **Expected Outcomes:**

- Increased student participation
- Improving coding proficiency
- Stronger industry exposure
- Stronger ITA community

Vision for ITA

- **Title:** My Vision for ITA 2026–27
- **Vision Statement:** “ To build an innovative and industry ready IT community by fostering excellence ”
- **My plans:**
  - Technical Events: Mini Hackathons, Tech Talks
  - Industry Interaction: Alumni Sessions, Industry Expert Talks.
  - Coding Activities: Weekly coding challenges
  - Research Activities: Paper Presentation
  - Social Responsibility: Cyber safety awareness
  - Student Engagement:Team building events

Innovation Ideas

- Student Mentorship Program
- Career Guidance Collaboration
- Coding Quiz
- Skill Development Series

Why Should the Committee Choose Me?

The committee should choose me because I am responsible, eager to learn, and committed to contributing to the success of the IT Association. I work well in a team, take ownership of my responsibilities, and am willing to put in consistent effort. My goal is not just to participate in events but to help create meaningful opportunities for other students.

Thank
you
